

Fitting Instructions – Lorient Intumescent Seals

Careful fitting and attention to detail are essential. Seals must be fitted into a groove just wide enough and deep enough to accept them. The PVC casing should be flush with the surrounding surface.

- Ensure the groove is dry, flat, clean and free of dust and grease.
- Peel off the protective tape.
- Press the seal into position to activate the adhesive backing properties.
- Application should be at a temperature no less than 10°C.

All our intumescent seals are supplied with square cut ends to enable neat butt joints to be made. The seals may be cut by the installer using a hacksaw, sharp knife or shears.

Once installed our fire seals may, if required, be painted over. Do not paint the flexible elements of combined acoustic, smoke and fire seals. Paint needs to fully dry and cure before the seals are installed.

Comprehensive fitting instructions are included with each consignment.

Technical References

Lorient is quality assured under the disciplines of BS EN ISO 9001:2008.

Accreditation to this standard is a guarantee that we conduct our business to the complete satisfaction of our customers with regard to design solutions, manufacturing consistency and management procedures.

In addition, this internationally recognised standard for quality management generates customer confidence and eliminates the risk of poor performance. Regular audits of our company procedures are undertaken by qualified BSI staff to ensure ongoing compliance with all aspects of the standard.

BS EN ISO 9001:2008
Certificate No. Q6104

BS EN ISO 14001:2004
Certificate No. EMS 541906

Lorient has attained BS EN ISO 14001:2004 accreditation for environmental management, making us the first seal manufacturer to have achieved this important award. This internationally recognised standard represents that we have demonstrated our commitment to responsible environmental behaviour, including prevention of pollution, control and reduction of waste, and ongoing monitoring and improvement of our environmental performance. Achieving ISO 14001 is just one part of our ongoing commitment to operate in a sustainable way.
